NOTICE

August 21, 1992

TO: All Concerned Personnel

FROM: Assistant Commanding Officer, Personnel and Training Bureau

SUBJECT: HUNTER-LA LEY CONSENT DECREE

On Monday, August 10, 1992, Federal District Court Judge Tashima approved the Hunter-La Ley Consent Decree with one modification. The original Decree required Department compliance for a minimum of twelve years before requesting a hearing to have it rescinded. The new version will allow the Department to request such a hearing at any time it has met the stated goals.

The goals, as stated in the Decree, apply to female, Black, Hispanic and Asian sworn Department employees. Representation of these groups should ultimately reach parity in the ranks of Sergeant, Detective and Lieutenant with the representation of eligible candidates.

The City Attorney has thirty days from August 10 to present a revised document for court approval. Additional information will be provided to all employees as the hearings progress.
